

## WILDCARE: FRIENDS OF LUMEAH POINT

Newsletter April 2025

### Feral oyster and Porcelain Crab removals - call for volunteers

#### Registration

Wildcare Tasmania requires all participating volunteers to be members of Wildcare, and to register for events using the Wildcare online event registration process.

To volunteer for the planned sessions in early May, would you please.

Join Wildcare at <https://wildcaretas.org.au/> (\$35.00 pa membership)

Register for whichever of the events you can support at <https://wildcaretas.org.au/events>

We will be working under supervision from the University of Tasmania project managers. Given competing commitments on Saturday there will not be a BBQ. Participants are invited to gather for information sharing, sandwiches, and a cuppa after each session.

This presents an opportunity to make serious inroads into removing the feral threats to the Lumeah Point foreshore. We hope that you can support this first pass, which will be followed by further removals next Spring / Summer, along with ongoing monitoring of the live bearing sea stars and general health of the lagoon.

Registration prior to Monday 28<sup>th</sup> April 2025 would be helpful for planning purposes.

Elizabeth (Libby) Castle email ([elizabeth.castle@utas.edu.au](mailto:elizabeth.castle@utas.edu.au))

Garry Hulme email ([garry.hulme@gmail.com](mailto:garry.hulme@gmail.com))

Please pass this on to anyone you think might like to assist.
